

The Leadership Journey

Graduates of Leadership Mecosta, as well as other community leaders, have been interested in leadership programming at the next level. Designed by former Leadership Mecosta Director, Lynne Scheible, "The Leadership Journey," provides a deeper dive into leadership concepts along with an important focus on the community.

Continue Your Leadership Journey with the Chamber!

"The Leadership Journey" is a six day program (over 6 months) that will immerse the participants in the ideas and practices of positive, strengths-based leadership. You will create a personal leadership vision that will drive the decisions you make, experience and apply the appreciative inquiry model of facilitation, which can be used to transform communities as well as organizations. You will also develop a leadership strategy for your personal growth and focus on where you want to use your leadership to further develop your community.

The cost for this 6-day program is \$800 plus expenses for the (3-day) retreat (appx. \$200). Tuition covers all materials and most meals. Go to www.mecostacounty.com to download the application. Applications are due by December 19th to the Mecosta County Area Chamber of Commerce. Contact Lynne Scheible (info below) for any questions.
